PLAYED AT WORCESTER

Norwich University Team Unable to Score Against the Worcester School Eleven in First Game of the Season.

Worcester, Mass., Sept. 27.-Holy Cross opened strongly Saturday by running up 18 points on Norwich university Hely Cross received the opening kickoff, but lost the ball on downs after carrying it half the length of the field. Norwich was unable to gain, and a couple of tackle plays, followed by an onside kick, put Holy Cross on the visitors' eightyard line, from which plays by Crafts and Dunn secred the points. The second score came on a blocked punt. The ball bounded behind the goal line where Moynahan fell on it for Holy Cross' second touchdown.

In the beginning of the second half Norwich tried a ferward pass, which Lawler intercepted and ran 30 yards for the third touchdown. The summary: Holy Cross. Norwich.

Says Peary Refused to Bring Back the Instruments and Sledge Belonging to Cook-They Are Now on the Rocks at Etah.

Paris, Sept. 27 .- The Paris edition of the Herald yesterday printed a dispatch from a correspondent aboard the steamer Jennie, with Harry Whitney on board. giving Whitney's account of his meeting with Dr. Cook, when the latter told him he passed two days at the pole. When Cook left on his sledging trip to Upernavik, he entrusted Whitney with his sextant and horizon finder. Cook requested that he only tell Peary that he (Cook) had passed Peary's record, and not to say anything about finding out the pole. Whitney promised and therefore did not tell Peary or anyone aboard the Roosevelt what Cook had told him about his success.

Fearing that no ship might arrive. Whitney determined to return with Peary. The latter told him in a most emphatic way that he would not take anything on board belonging to Cook and added that he would say no more about it, but would trust Whitney's word of honor that he would not take anything with him belonging to Cook. Whitney was forced to unpack the in-

atruments, flags and boxes, the contents of which he was ignorant, and leave them on the rocks at Etah, where they now are. Penry refused also to take Cook's sledge, which Cook had given to Whitney, on which Cook had made the entire journey.
